

About us...

Bizon Events is a no-nonsense organization agency for business events, company outings, staff outings, team events, staff days, department outings and company events.

We prefer short lines in communication and a personal approach.

We are also pioneers in Gamification and creators of Gamification; Making (team building, training and event) programs accessible, applicable and playable with the use of modern techniques and tools.

Our method...

If you wish to make adjustments on the proposal, we are only one phone call away.

If the proposal appeals to you, you will receive a confirmation from us, which you can approve digitally. Very easy and fast!

In the meantime, we will start preparing the program for you.

A few days before the program we will have contact to discuss the final details.

On the day of the program there will be one contact point from our organisation. This makes the communication lines short.

What customers say about us...

"From the start, Bizon Events has shown that they understand what I want when I explain what kind of atmosphere I want to create. Which is different every time."

"The team of Bizon Events takes charge without being predominant. It always feels good to leave the group to them."

"The smiling faces of my guests and colleagues at the end of the day is worth more than a 1000 words and everyone speaks of nothing but praise."

"Next time I'll call Bizon Events again...."

ESCAPE GAMES

A challenging (outdoor) format where teams have to work on different brainteaser, with an Ipad. It is also possible to do an EscapeGame in the themes of Rembrandt van Rijn or the Pilgrims Fathers of Leiden.

Crack all of the mysteries in and around the amazing location in the old center of Leiden.

Communication, cooperation and creativity are most important.

This is also executable on a location of your choice, online and for groups of 10-2000 people.

THE ARDENNES

More than 35 years we are THE specialist in business events and team gatherings in the Ardennes.

Both for small and big organisations.

In the past few years the Ardennes had a whole revival; beautiful villa's; attractive country houses; excelent catering possibilities.

And... the Ardennes are closer by than you think!

BIZON BOAT

From the Meelfabriek it is possible to discover the beautiful waters of Leiden with your company, team, family or friends.

Have a seat in our amazing sloop with something to snack and drink.

You can choose for a boat trip with just drinks, but it is also possible to have a culinary boat trip with a three course meal. We will make sure you will have the best time ever.

The best part is; our boat is 100% electric!

AUTORALLY

Our AutoRally's are not about the speed of driving the cars, but about the cooperation, navigation, creativity and a lot of fun.

We offer several routes on various locations, but it is also possible for us to make a tailor made route so you can do an AutoRally in a environment which is important to you. You can think about Rally's in The Netherlands or the Ardennes, but also a multi-day event in Toscane.

If desired, we take care of the cars; From Dafjes to stylish Classic Cars.

E-CHOPPERS

NEW! An E-Chopper is a 100% electrical chopper (scooter) with a tough appearance and a big steering wheel. With the wide tires you will feel like 'the king of the road'. All of our E-choppers have a build-in phone holder. Because of this it is safe to navigate and enjoy the E-Chopper tour the best.

Besides the rental of our electrical scooters, it is also possible to do a combination program where the E-Chopper is an element of a bigger program (such as an E-ChopperGame or an E-Chopper sloop tour)

MEETINGS (NEW!)

It is now possible to have your meeting in the old flour factory (Meelfabriek) of Leiden! This meeting room is now available for up to 18 people. Besides, one can also use this multi-functional space for drinks, workshops, receptions etc. (up until 50 people).

It is very easy to park your car in the parking garage, or cycle to us. You can find us next to the Singelpark, close to the city center.

And last but not least; It is perfect to combine your meeting with one of our programs. For instance a boat tour with our sloop, an EscapeGame or a tour with our electrical E-Choppers! Clear your mind with a nice break.
